Re: Memo on local CVS Pharmacy demand

The purpose for this memo is to inform the VAMCo Help department on a local CVS pharmacy located at 3700 NW 199th St, Miami Gardens, FL 33055. This CVS pharmacy is struggling to meet the demand from their community. The problem they're facing is the amount of prescriptions and work has been exceeding the amount of workers who can meet that demand in a timely manner.

I met with the Inventory Specialist named D'Anna Thomas who has been working in the CVS pharmacy for over a year. She informed me on this issue, in hopes that VAMCo will give a resolution to this problem. The Help department will be in charge of this case and will be required to put other projects on hold until the issue is fully resolved with the CVS pharmacy. If there's any questions or concerns, please put in a request form and someone should get in touch with you shortly.

Thank you for your understanding and cooperation.

Sincerely,

D'Nasia Thomas
